The Wake Forest Parks, Recreation & Cultural Resources Department seeks to enhance the lives of the citizens of Wake Forest by offering a comprehensive system of parks, greenways, facilities, and open spaces, coupled with cultural and athletic programs, that promote education, health, and wellness.

Meet the town's Recreation Programs Superintendent

Monica Lileton, Recreation Programs Superintendent, started with the Wake Forest Parks, Recreation & Cultural Resources (PRCR) Department in May 2014. As the Recreation Programs Superintendent, Lileton is responsible for managing the PRCR Department's Recreation Programs Division which oversees a variety of recreational programs and special events, as well as the community's cultural enrichment.

Prior to coming to Wake Forest, Monica worked for the Town of Garner, where she managed youth programs as the town's Recreation Programs Specialist. Prior to that, she worked in private, state-funded and non-profit programs and is a former YMCA Program Director. Monica holds a bachelors degree in sports management from Gardner-Webb University.

Since starting with the Town of Wake Forest, Monica has implemented an on-line registration process for programs and increased enrollment in the Summer Camp Program. She also planned and managed the Spooktacular and Calls from Santa events.

Great things are happening in the Programs Division and we're looking forward to new and exciting programs and activities.

Program registration begins Feb. 1

The Wake Forest Parks, Recreation & Cultural Resources Department is pleased to present an expanded selection of programs for spring and summer. Register for programs at any staffed site or online at wakeforestnc.recdesk.com.

Play It Forward Wake Forest

The Wake Forest Parks, Recreation & Cultural Resources (PRCR) Department is in the midst of a long-range planning effort. “Play It Forward Wake Forest,” is the name given to the town’s approach to developing a new comprehensive Master Plan. Coordinated by the PRCR, the Recreation Advisory Board, and GreenPlay, the master plan consultant, the initiative is designed to offer residents a variety of innovative ways to get involved and offer their input.

The purpose of the Master Plan is to look at where we are now, what the anticipated needs are for the future and how we can improve and upgrade our existing facilities and programs to effectively serve residents and visitors in years to come. Upon completion, the plan will establish a 10-year vision for future parks, greenways, programs and facilities.

Community input is the cornerstone of “Play It Forward Wake Forest.” Over the past several months the town has offered several opportunities for area residents to share their thoughts and opinions.

One of the ways area residents can provide feedback is through “Engage Wake Forest”—a comprehensive community engagement website that encourages public interaction and solicits feedback. Developed by Mind-Mixer and located at engage.wakeforestnc.gov, the new site invites area residents to share their ideas on a variety of topics related to the Master Plan project.

For complete information, visit wakeforestnc.gov/play-it-forward-wake-forest.aspx or contact PRCR Director Ruben Wall at 919-435-9561 or rwall@wakeforestnc.gov.

Programming at the Northern Wake Senior Center is provided by Resources for Seniors, Inc. Pickleball courts available at Flaherty Park

In 2014 the Parks, Recreation & Cultural Resources (PRCR) Department added eight pickleball courts on two of the tennis courts at Flaherty Park, 1226 N. White St.

What is pickleball? It’s a relatively new phenomenon played on a badminton-sized court with a plastic ball and paddle. Easy to learn the game can be played indoors or outdoors and as singles or doubles.

To learn more, contact Joe Vartanesian at retired17@gmail.com.

Wake Forest Reservoir

The Wake Forest Reservoir was created as a drinking water source for the town in the early 1960s. Shortly after the City of Raleigh utility merger, the water plant was taken off line, but limited operations are still in place at the reservoir. You can still see some of the water plant structures on site.

Today, the lake is open for paddle and electric powered boats. Hikers can explore the 1.6 mile trail which follows the west bank of the reservoir.

The driveway to the lake is located off of Traditions Grande Boulevard near Wait Avenue. There is a small concrete boat ramp adjacent to the parking area.
